REPORT	
Location:	Istanbul, Turkey
Event name:	International meeting in Istanbul, Turkey
In situ/online:	In situ
Date(s):	25 - 26/07/2023
Participants	
Total number of participants:	28
Description	
<p><i>Provide a short description of the event and its activities (agenda, description of the activities, outcome, evaluation of the training and feedback from participants).</i></p>	
<p>International workshops in Istanbul was facilitated by IFSS and lasted 2 days. The organisation was responsible for preparation of the venue, specific agenda, infopack (including the tips on travel, city, food, emergency contacts, transport etc).</p> <p>The extra trainer from YouNet helped with facilitation of the workshops and preparation of agenda and activities, adding a specific focus on the phenomenon of Hikikomori and social withdrawal. IFSS took care of contacting local stakeholders (schools, teachers, youth organisations, youth workers, social workers, institutions etc), who participated in international workshops. The rest of the partners (Mennsana and People in Focus) brought two participants each.</p> <p>The main objective of the event was to have an insight on the role of the school that surrounds the hikikomori. The trainer of YouNet provided during the first day a very detailed presentation of what the school can and should not do. During the second day, the partnership also kept working on the other deliverables of work package number 2, namely the OER and the toolkit to be used for the training of trainers.</p> <p>Monitoring and evaluation was carried out by IFSS through evaluation form that were distributed to participants to the events. Feedback from participants was gathered through said evaluation form. In the question about the overall Workshop Content, 17 out of 21 participants stated that they were very satisfied with the overall content of the workshop and 4 participants stated that they were satisfied. Therefore, we can suppose that this meeting was completed successfully.</p> <p>The outcome of the meeting was positive, and it was essential to plan the next two meetings in Sarajevo, Bosnia and Reggio Emilia, Italy. During the meeting, further development of the content of the toolkit was discussed: each partner will have to develop a topic about hikikomori to be included in the toolkit. In addition, we also planned future dissemination posts in Facebook and Instagram and the upcoming newsletter to be translated in all the language of the partnership. The following is the dissemination link about the international meeting in Albania published in the official website of the project: https://beyondthedoortstep.weebly.com/news.html</p>
